FOR IMMEDIATE RELEASE

5th Asphalt Shingle Recycling Forum Program Announced
To be held October 27 & 28 in Dallas, TX

Dallas, Texas: For 2011, the premier conference in the recycling of asphalt shingles, presented by the Construction Materials Recycling Association (CMRA), is moving to the Lone Star State. Texas is rapidly becoming one of the hottest areas in North America for the use of recycled asphalt shingles and other roofing materials. Jason Haus, CEO of Dem-Con Companies, LLC states, “*The 5th Asphalt Shingle Recycling Forum* has the premier program on the subject for those entering the market and others looking for the latest technical information on the use of recycled shingles”.

The *Forum* program and online registration are now available at ShingleRecycling.org.

5th ASR Forum program topics include:

- Supply of RAS—Value of Shingle Recycling to the Roofing Sector
- Hot Mix Plant and Paving—Performance/Laboratory
- How to Work with Your Environmental Regulators
- Alternative Supply, Processing Technology and Uses of Recycled Roofing
- Recycling 101: Educating Roofing Contractors About Recycling
- Best Practices
- More...

NEW THIS YEAR, is a tour of the Dallas APAC-Texas, Inc. Asphalt Plant and Shingle Recycling Facility. This has already proven to be a popular event, but with limited availability, we must receive registrations early for those interested in taking the tour.

The event, which is the fifth organized by the CMRA, is co-sponsored by Owens Corning, Asphalt Roofing Manufacturers Association (ARMA), Dem-Con Companies, LLC, and the Federal Highway Administration (FHWA). Other sponsors are Rotochopper, Inc., CBI, and Asphalt Shingle Grinding Service, LLC.

For more on the *Forum*, including sponsorship & exhibit information, registration and hotel reservation information, go to the shingle recycling industry’s leading website, ShingleRecycling.org.
