

ARMA

Health, Safety, and Environment Committee Webinar

September 24, 2013

***ARMA Asphalt Roofing
Recycling Task Force Update***

Task Force Background and History

- Tasked to work through challenges and enhance asphalt roofing recycling – reports to the HSE Committee
- Primary Members -
 - Neil Gresham - CertainTeed Corporation
 - Marty Grohman & Helen Hardy-Pierce - GAF
 - Mike Tuel - Malarkey Roofing
 - Bob Zickell - MTI Polyexe
 - Barry Hornbacher (Chair) & Dave Trumbore - Owens Corning
 - Bob Hockman – TAMKO Building Products
 - Shawn Richardson & John Ferraro - ARMA Staff
- 4Q 2012 - Enhanced Task Force scope to cover all asphalt roofing including commercial roofing

6th Asphalt Shingle Recycling Forum

- ARMA Sponsorship - \$5,000
- Denver, CO; November 7 & 8, 2013; Westin Downtown Denver:
See www.shinglerecycling.org for details
- Attendees: Manufacturers, contractors, pavers, recyclers, suppliers, equipment companies, etc.
- Expecting good attendance from influential entities and ARMA members
- ARMA will be featured as a sponsor and John Ferraro will give ARMA and the Task Force background during “Shingle 101” section

Communications

- The Task Force is working on ways to promote the “recyclability” of shingles through ARMA and the benefits to contractors and consumers
 - Step 1 – Benefits of Shingles being recyclable included on ARMA website
<http://www.asphaltroofing.org/residential/benefits>
 - Step 2 – Recycling FAQ’s and Do’s and Don’ts
 - Plan to include on ARMA website – request suggested locations through ARMA website team
 - See separate Documents
 - Request HSE Committee approval

LCA Connection

- Life Cycle Assessment – The Task Force has shared guidance for including and measuring the benefits of recycling with the ARMA Life Cycle Assessment Working Group
 - All questions regarding recycling within the assessment are requested to be given to the Task Force for consideration
