ARMA Releases Q3 Report on Asphalt Roofing Product Shipments

The Report Offers Data on Asphalt Roofing Shipments from 2017 & 2018

Washington D.C. (October 23, 2018) – The Asphalt Roofing Manufacturers Association (ARMA) has released its Quarterly Product Shipment Report, covering asphalt roofing product shipments in the United States and Canada in the third quarter of 2018. The report includes year-to-date shipment information and a comparison with the prior year’s data.

“In all of its forms, asphalt roofing is important for a diversity of industries and professions,” said ARMA’s Executive Vice President Reed Hitchcock. “ARMA provides and will continue to provide these reports so that interested members of the public may stay up-to-date on the asphalt roofing industry.”

About ARMA:

The [Asphalt Roofing Manufacturers Association](http://www.asphaltroofing.org) (ARMA) is a trade association representing North America’s asphalt roofing manufacturing companies and their raw material suppliers. The association includes the majority of North American manufacturers of asphalt shingles and asphalt low slope roof membrane systems. Information that ARMA gathers on modern asphalt roofing materials and practices is provided to building and code officials, as well as to regulatory agencies and allied trade groups.

Committed to advances in the asphalt roofing industry, ARMA is proud of the role it plays in promoting asphalt roofing to those in the building industry and to the public.
