## ARMA Releases 2021 Q1 Report on Asphalt Roofing Product Shipments

**Forest Hill, MD** (April 19, 2021) – The Asphalt Roofing Manufacturers Association (ARMA) has released its first Quarterly Product Shipment Report for the year 2021. The report covers asphalt roofing product shipments in the United States and Canada in the first quarter, as well as year-to-date shipment information and a comparison with the prior year’s data.

“ARMA members and others interested in the industry value ARMA’s shipment report for the relevant, important insights it provides into the asphalt roofing industry,” said ARMA’s Executive Vice President Reed Hitchcock.

Roofing product shipment data is collected from participating manufacturers by an independent third party, Association Research Inc., and aggregated to create this report. Companies that are not members of ARMA may examine the free quarterly summaries, and those ineligible for ARMA membership can subscribe to the full, detailed report on the [ARMA website](#).
