ARMA Releases 2022 Q4 Report on Asphalt Roofing Product Shipments

Forest Hill, MD (January 19, 2023) – The Asphalt Roofing Manufacturers Association (ARMA) has released its Quarterly Product Shipment Report for the final quarter of 2022. The report covers asphalt roofing product shipments in the United States and Canada in the fourth quarter, as well as year-to-date shipment information and a comparison with the prior year’s data.

“We’re aware that asphalt roofing data is relevant to several industries; that is why ARMA has decided to make this information accessible to the public,” said ARMA’s Executive Vice President Reed Hitchcock. “We see this report and future reports as a way of providing meaningful industry shipment information.”

Roofing product shipment data is collected from participating manufacturers by an independent third party, Association Research Inc., and aggregated to create this report. Companies that are not members of ARMA may examine the free quarterly summaries, and those ineligible for ARMA membership can subscribe to the full, detailed report on the [ARMA website](#).

Asphalt Roofing Product Shipments

Shipments (squares)	Q4 2022	Q4 2021	% Change	YTD 2022	YTD 2021	% Change

About ARMA:

The Asphalt Roofing Manufacturers Association (ARMA) is a trade association representing North America’s asphalt roofing manufacturing companies and their raw material suppliers. The association includes the majority of North American manufacturers of asphalt shingles and asphalt low slope roof membrane systems. Committed to advances in the asphalt roofing industry, ARMA is proud of the role it plays in promoting asphalt roofing to those in the building industry and to the public.
