## ARMA Releases 2023 Q3 Report on Asphalt Roofing Product Shipments

**Forest Hill, MD** (October 19, 2023) – The Asphalt Roofing Manufacturers Association (ARMA) has released its Quarterly Product Shipment Report for the third quarter of 2023. The report covers asphalt roofing product shipments in the United States and Canada in the third quarter, as well as year-to-date shipment information and a comparison with the prior year’s data.

“Asphalt roofing data is relevant to several industries, which is why ARMA has decided to make this information accessible to the public,” said ARMA’s Executive Vice President Reed Hitchcock. “This report and future reports serve as a way to provide meaningful industry shipment information.”

Roofing product shipment data is collected from participating manufacturers by an independent third party, Association Research Inc., and aggregated to create this report. Companies that are not members of ARMA may examine the free quarterly summaries, and those ineligible for ARMA membership can subscribe to the full, detailed report on the [ARMA website](#).
